## SUBJECTS

**Abduction**

Arytenoid abduction: indications and limitations, 742

**Abscess**

Bilateral peritonsillar abscesses: our experience and clinical features, 662

**Acoustic neuroma**

Prevalence of acoustic neuroma associated with each configuration of pure tone audiogram in patients with asymmetric sensorineural hearing loss, 615

**Actinomycosis**

Actinomycosis of temporal bone and brain: case report and review of literature, 313

**Adenoid**

Bacteremia during adenoidectomy: comparison of suction diathermy adenoid ablation and adenoid curettage, 526

Outcome of adenotonsillectomy for obstructive sleep apnea syndrome in children, 506

**Aerodigestive tract**

Extraluminal perforation complicating foreign bodies in upper aerodigestive tract, 284

**Age**

Age sensitivity in acquisition of lexical tone production: evidence from children with profound congenital hearing impairment after cochlear implantation, 258

Age-specific size of upper airway structures in children during development, 541

**Airflow**

How does absence or presence of subglottal medialization affect glottal airflow? 559

**Airway**

Age-specific size of upper airway structures in children during development, 541

Angioedema: review of 367 episodes presenting to three tertiary care hospitals, 836

Characterization of supraglottic phonation in children after airway reconstruction, 383

Influence of gender on pharyngeal airway length in obese adolescents, 842

**Allergy**

Relationship between squamous cell carcinoma antigen and clinical severity of allergic rhinitis caused by *Dermatophagoides farinae* and Japanese cedar pollen, 22

**D-Allose**

In vitro and in vivo effects of D-allose: up-regulation of thioredoxin-interacting protein in head and neck cancer cells, 567

**American Broncho-Esophagological Association**

Trends in scientific interest of American Broncho-Esophagological Association, 199

**Anemia**

Hemoglobin monitoring in head and neck cancer patients undergoing radiotherapy, 472

**Angioedema**

Angioedema: review of 367 episodes presenting to three tertiary care hospitals, 836

**Ankylosis**

Isolated congenital stapes ankylosis: surgical results in consecutive series of 39 ears, 761

**Anterior commissurotomy**

Endoscopic laser anterior commissurotomy for anterior glottic web: one-stage procedure, 297

**Antibiotics**

Bacteremia during adenoidectomy: comparison of suction diathermy adenoid ablation and adenoid curettage, 526

**Apnea**

Obstructive sleep apnea syndrome: child is not just small adult, 656

Outcome of adenotonsillectomy for obstructive sleep apnea syndrome in children, 506

**Approach**

Subarcuate supralabyrinthine approach for supralabyrinthine petrosal cholesteatoma, 42

**Artery**

Carotid blowout in patients with head and neck cancer, 476

**Arytenoid**

Arytenoid abduction: indications and limitations, 742

Arytenoid adduction for correcting vocal fold asymmetry: high-speed imaging, 439

**Aspiration**

Epiglottis is not essential for successful swallowing in humans, 795

Paced glottic closure for controlling aspiration pneumonia in patients with neurologic deficits of various causes, 141

**Asthma**

Relationship between olfactory acuity and peak expiratory flow during postoperative follow-up in chronic rhinosinusitis associated with asthma, 749

**Asymmetry**

Collagen injection for correcting vocal fold asymmetry: high-speed imaging, 359

**Augmentation**

Volumetric facelift: evaluation of rhytidectomy with alloplastic augmentation, 174

**Author corrections****Bacteria**

Bacteremia during adenoidectomy: comparison of suction diathermy adenoid ablation and adenoid curettage, 526

 Inhaled triamcinolone with proton pump inhibitor for treatment of vocal process granulomas: series of 67 granulomas, 325
- Puncture**  
 Analysis of pepsin in tracheoesophageal puncture sites, 799  
 Improved tracheoesophageal prosthesis sizing in office-based tracheoesophageal puncture, 37
- Quality of life**  
 Unilateral deafness in adults: effects on communication and social interaction, 772  
 Use of ICF in assessing effects of Meniere's disorder on life, 583
- Rabeprazole**  
 Value of barium swallow studies in predicting response to rabeprazole in elderly patients with laryngopharyngeal reflux disease and nonerosive reflux disease in particular, 631
- Radiotherapy**  
 Hemoglobin monitoring in head and neck cancer patients undergoing radiotherapy, 472
- Reconstruction**  
 Characterization of supraglottic phonation in children after airway reconstruction, 383  
 Epiglottoplasty for reconstruction of defects after laryngectomy with partial pharyngectomy, 636
- Recurrence**  
 Relationship between postoperative recurrence rate and eo-

- sinophil density of nasal polyps, 455
- Recurrent laryngeal nerve**  
Management of recurrent laryngeal sensory neuropathic symptoms, 188  
Use of double electrode pads for intraoperative monitoring of recurrent laryngeal nerve, 233
- Reflux**  
Pepsin as marker of extraesophageal reflux, 203  
Rationale for targeting pepsin in treatment of reflux disease, 547  
Role of reflux in tracheoesophageal fistula problems after laryngectomy, 719
- Regeneration**  
Potential of induced pluripotent stem cells for regeneration of tracheal wall, 697
- Rehabilitation**  
Surgical rehabilitation of voice and swallowing after jugular foramen surgery, 192
- Reinke's edema**  
Elastic fibers in Reinke's edema, 609  
Functional results of Reinke's edema surgery using microdebrider, 32
- Resection**  
Videolaryngoscopic transoral en bloc resection of supraglottic and hypopharyngeal cancers using laparoscopic surgical instruments, 225
- Resistance**  
Bacterial coinfection and antimicrobial resistance in patients with paranasal sinus fungus balls, 406
- Rhinitis**  
Relationship between squamous cell carcinoma antigen and clinical severity of allergic rhinitis caused by *Dermatophagoides farinae* and Japanese cedar pollen, 22
- Rhinoplasty**  
Modified extracorporeal septoplasty technique in rhinoplasty for severely deviated noses, 331
- Rhinosinusitis**  
Relationship between olfactory acuity and peak expiratory flow during postoperative follow-up in chronic rhinosinusitis associated with asthma, 749
- Risk factor**  
Risk factors for hearing loss after pediatric meningitis in Japan, 294  
Serum fatty acids and cardiovascular risk factors in sudden sensorineural hearing loss: case-control study, 82
- Sarcoidosis**  
Atypical and disparate presentations of laryngeal sarcoidosis, 667
- Schwannoma**  
Fatal case of tumor-associated hemorrhage in large vestibular schwannoma, 402
- Scientific interest**  
Trends in scientific interest of American Broncho-Esophageal Association, 199
- Score**  
Endoscopic assessment of nasopharynx: objective score of abnormality to predict likelihood of malignancy, 77
- Secretion**  
Do viscous secretions have role in nasal polyp formation? 530
- Sensory neuropathy**  
Management of recurrent laryngeal sensory neuropathic symptoms, 188
- Septoplasty**  
Modified extracorporeal septoplasty technique in rhinoplasty for severely deviated noses, 331
- Sialendoscopy**  
Sialendoscopy: experience with first 60 glands in Turkey and literature review, 155
- Single photon emission computed tomography**  
Imaging evaluation in otosclerosis: single photon emission computed tomography and computed tomography, 215
- Single-stage canal wall-down tympanoplasty**  
Single-stage canal wall-down tympanoplasty: long-term results and prognostic factors, 304
- Sinus**  
Balloon catheter sinuplasty and adenoidectomy in children with chronic rhinosinusitis, 578  
Initial clinical experience with balloon dilation in revision frontal sinus surgery, 468  
Level of complete dissection of ethmoid sinuses with computed tomographic image guidance system, 17  
Role of dexamethasone in reducing pain after endoscopic sinus surgery in adults: double-blind prospective randomized trial, 266  
Sphenoid sinus pneumatization and its relation to bulging of surrounding neurovascular structures, 646
- Sleep**  
Obstructive sleep apnea syndrome: child is not just small adult, 656
- Sphenoid sinus**  
Sphenoid sinus pneumatization and its relation to bulging of surrounding neurovascular structures, 646
- Squamous cell carcinoma antigen**  
Relationship between squamous cell carcinoma antigen and clinical severity of allergic rhinitis caused by *Dermatophagoides farinae* and Japanese cedar pollen, 22
- Staging**  
Congenital cholesteatoma: posterior lesions and staging system, 490
- Stain**  
ProEx C stain analysis in recurrent respiratory papillomatosis, 99
- Stapes**  
Dislocation of stapes with footplate fracture caused by indirect trauma, 628  
Isolated congenital stapes ankylosis: surgical results in consecutive series of 39 ears, 761
- Staphylococcus aureus***  
Methicillin-resistant *Staphylococcus aureus* laryngitis, 590
- Stem cell**  
Bone marrow stem cell transplantation to olfactory epithelium, 535  
Potential of induced pluripotent stem cells for regeneration of tracheal wall, 697
- Stenosis**  
Balloon dilation for recurrent stenosis after pediatric laryngotracheoplasty, 619  
Successful decannulation of T-tubes according to type of tracheal stenosis, 252
- Stricture**  
Dysphagia, stricture, and pneumonia in head and neck cancer patients: does treatment modality matter? 391
- Subarcuate supralabyrinthine approach**  
Subarcuate supralabyrinthine approach for supralabyrinthine petrosal cholesteatoma, 42

- Subglottis**  
How does absence or presence of subglottal medialization affect glottal airflow? 559
- Sudden sensorineural hearing loss**  
Serum fatty acids and cardiovascular risk factors in sudden sensorineural hearing loss: case-control study, 82
- Supracricoid partial laryngectomy**  
Supracricoid partial laryngectomy: swallowing, voice, and speech outcomes, 10
- Swallowing**  
Epiglottis is not essential for successful swallowing in humans, 795  
High-resolution manometry of pharyngeal swallow pressure events associated with head turn and chin tuck, 369  
Normal muscular activity during swallowing as measured by surface electromyography, 398  
Surgical rehabilitation of voice and swallowing after jugular foramen surgery, 192  
Value of barium swallow studies in predicting response to rabeprazole in elderly patients with laryngopharyngeal reflux disease and nonerosive reflux disease in particular, 631
- Temperature**  
Cooling "oven": temperature study of air and glottal tissue during laser surgery in ex vivo calf larynx model, 684
- Thioredoxin**  
In vitro and *in vivo* effects of D-allose: up-regulation of thioredoxin-interacting protein in head and neck cancer cells, 567
- Thyroid gland**  
Migration of ingested foreign bodies into thyroid gland: literature review and case report, 93
- Thyroplasty**  
Relaxation thyroplasty for mutational falsetto treatment, 105
- Tinnitus**  
Childhood hearing and its relationship with tinnitus at thirty-two years of age, 672
- Tissue engineering**  
Glottal reconstruction with tissue engineering technique using polypropylene mesh: canine experiment, 110
- Titanium**  
Multiparameter analysis of titanium vocal fold medializing implant in excised larynx model, 125
- Tonsil**  
Bilateral peritonsillar abscesses: our experience and clinical features, 662  
Outcome of adenotonsillectomy for obstructive sleep apnea syndrome in children, 506  
Postoperative complications of powered intracapsular tonsillectomy and monopolar electrocautery tonsillectomy in teens versus adults, 485  
Postoperative morbidity in traditional versus Coblation tonsillectomy, 755
- Trachea**  
Potential of induced pluripotent stem cells for regeneration of tracheal wall, 697  
Tracheal non-Hodgkin's lymphoma masquerading as benign granulation tissue: report of two cases, 431
- Tracheoesophageal puncture**  
Analysis of pepsin in tracheoesophageal puncture sites, 799  
Improved tracheoesophageal prosthesis sizing in office-based tracheoesophageal puncture, 37
- Trauma**  
Dislocation of stapes with footplate fracture caused by indirect trauma, 628  
Novel endoscopic management of penetrating intracranial trauma, 786
- Triamcinolone**  
Inhaled triamcinolone with proton pump inhibitor for treatment of vocal process granulomas: series of 67 granulomas, 325
- T-tube**  
Successful decannulation of T-tubes according to type of tracheal stenosis, 252
- Tympanoplasty**  
Single-stage canal wall-down tympanoplasty: long-term results and prognostic factors, 304
- Unilateral deafness**  
Unilateral deafness in adults: effects on communication and social interaction, 772
- Vagus nerve**  
Neurosarcoidosis affecting vagus nerve, 641
- Vestibular schwannoma**  
Fatal case of tumor-associated hemorrhage in large vestibular schwannoma, 402
- Videolaryngoscopy**  
Videolaryngoscopic transoral en bloc resection of supraglottic and hypopharyngeal cancers using laparoscopic surgical instruments, 225
- Vitamin**  
Cod liver oil, ratio of vitamins A and D, frequent respiratory tract infections, and vitamin D deficiency in young children in United States, 64
- Vocal fold**  
Arytenoid adduction for correcting vocal fold asymmetry: high-speed imaging, 439  
Congenital bilateral vocal fold paralysis and Charcot-Marie-Tooth disease, 47  
Correlation of vocal fold nodule size in children and perceptual assessment of voice quality, 651  
Use of microdebrider for subepithelial excision of benign vocal fold lesions, 782
- Voice**  
Correlation of vocal fold nodule size in children and perceptual assessment of voice quality, 651  
Vocal function exercises for presbylaryngis: multidimensional assessment of treatment outcomes, 460  
Voice production mechanisms following phonosurgical treatment of early glottic cancer, 1
- Volumetric facelift**  
Volumetric facelift: evaluation of rhytidectomy with alloplastic augmentation, 174
- Web**  
Congenital laryngeal webs: surgical course and outcomes, 704  
Endoscopic laser anterior commissurotomy for anterior glottic web: one-stage procedure, 297
- Wound**  
Histologic study of acute vocal fold wound healing after corticosteroid injection in rabbit model, 133
- Zenker's diverticulum**  
Factors predicting endoscopic exposure of Zenker's diverticulum, 736
